If and when IP anonymization is activated on this website, Google will truncate your IP address for transmission among member states of the European Union or to other member states of the Agreement on the European Economic Area. Only in exceptional cases will your full IP address be transmitted to a Google server in the United States and then truncated. At the request of the operator of this website, Google will use the information to evaluate your use of this website, to compile reports on website activity, and to provide the operator of this website with other services relating to website activity and Internet use (see description of Google AdWords' remarketing technology in item 2.2 above). In the context of its decision to establish, fulfill, or terminate the contractual relationship, in addition to data for the purpose of address verification Klarna collects and uses information about the buyer's previous payment history as well as the probability values (score values) of such payment practices in the future. Klarna calculates those score values using a scientifically recognized mathematical statistical method. Among other things, Klarna also uses your address data for this purpose. If that calculation indicates that your credit rating is insufficient, Klarna will immediately inform you accordingly.

Find more information in Klarna's privacy statement for [Germany](#), [Austria](#) and [the Netherlands](#).

You can revoke your consent to Klarna's use of your personal data at any time. However, under certain circumstances Klarna may retain the right to process, use, and transmit your personal data, provided this is necessary for the contractually agreed-upon payment processing by Klarna's services, is required by law, is ordered by a court of law or is mandated by a government authority.

You can obtain information about your personal data stored by Klarna at any time. If you, as buyer, would like to have access to that data or wish to inform Klarna about changes in the stored information, write to [datenschutz@klarna.de](mailto:datenschutz@klarna.de), [datenschutz@klarna.at](mailto:datenschutz@klarna.at), or [dataprotectie@klarna.nl](mailto:dataprotectie@klarna.nl).
